Valve Body/Converter Core Return:

A heavy plastic bag and zip tie are enclosed for your core return.

Please drain as much fluid as possible, place core in bag, twist tightly and secure with zip tie. Please pack so as to prevent puncture of plastic bag.

Sun Coast, UPS, Fed-Ex, US Post Office, will not tolerate fluid contamination of other packages. The liability could be devastating.

We will refuse to accept leaking packages. They will be returned to sender.

The sender will be liable for damages, freight and lost core deposits.

Transmission Core Return:

In order to obtain the most economical rate for the core return, we have included a BOL (Bill of Lading). When you are ready to return the core please call 800-868-0053, we will issue a call tag with the freight company.

The BOL is already filled out, DO NOT ADD OR DELETE.

When the truck arrives you will need to give the driver the BOL. He will give you a receipt. Failure to follow this procedure can result in increased cost to you.

Cores must be returned within 45 days to receive a full refund.

Please fill out this bottom portion and return it with your core. This will insure that you receive your refund in the shortest amount of time possible.
